Mesa News Notes

LEG BROKEN BUT SHOWS MUCH NERVE

Harry Tice, a well known rancher living about eight miles east of Mesa, had his leg broken Thursday afternoon. The accident was a rather peculiar one and the nerve displayed by the injured man was remarkable.

Tice was plowing and stopped in a hole, causing him to lose his hold on the lines, which became entangled in the singletree. He walked around to unloosen the reins when one of the horses jumped, causing the singletree to strike Tice on the leg between the ankle and knee, breaking both bones.

The injured man managed to unhitch the horses, crawled across a four-acre tract to his auto, cranked it and drove to Allison Brothers' ranch, where Mr. Allison took the wheel and drove to Dr. Drake's office. Drs. Drake and Palmer set the limb, and Tice was taken back to Allison's, where he will remain for the present. Dr. Drake says that with no unforeseen misfortune the leg will be as good as ever, but that Tice will be laid up for two or three months.

Mr. Tice's father who is on the coast, has been sent for the injury to the man leaving the ranch without an attendant.

Mr. Thompson has been on the border for the last three months, furnishing 3000 words daily to his paper. He states that the border situation seems to have settled down to a dull proposition as drill orders covering a period of three months have come out, the exercises to begin with company drills and run through to brigade.

Mr. Thompson has been with the Globe for twenty-three years and is very proud of the fact that it has the largest circulation of any New England paper, numbering as it does, 350,000 copies daily. He left last night for Los Angeles, from whence he will go to Salt Lake and then on home.

TEMPE NEWS NOTES

MANY NEWCOMERS
That the coming fall will witness the largest attendance at the Tempe normal and the greatest number of residents in the history of the city is clearly indicated by various and sundry indisputable signs. In the first place there has been a greater demand for houses for rent than at any time previously at this season of the year and to meet this demand several new houses are in course of construction.

Dr. E. B. Moore is building two houses on his property at the corner of Sixth and Myrtle, which are already leased. The brick on the corner, a fine six room house will be occupied by Sidney Moore, and the stucco on Sixth street, has been secured by Mrs. Pilcher.

E. Schmidt is also building a bungalow at the corner of Forest and Seventh street, which is to be occupied by two of the teachers of the normal training school. Another of the Schmidt houses will be overhauled and fitted up for Prof. Ryan of the normal faculty.

According to President Matthews the inquiries coming to his office already indicate that more room will have to be provided for the accommodation of boys at the normal and dormitories will be taken while Tempeans will have to provide room for others. There are a great number of

young people, both boys and girls, who are anxious to find homes that they may work their way through the normal this winter—more than ever before—and President Matthews would appreciate all who will have a place for such to notify him at their earliest convenience.

RENTS HART HOUSE
Prof. Jesse L. Kollenz, newly elected principal of the Tenth street grammar school, has rented the Hart house at the corner of Forest and Sixth street and will move in about the first of September. The house is being remodelled and thoroughly overhauled.

WILL GO TO COAST
Miss Laura Jones, secretary of the Tempe normal school, will leave early next week for Long Beach, where she expects to spend the rest of the summer.

OFF FOR MONTANA
Mrs. J. F. Hendrix will leave Saturday night for Roundup, Montana, to spend a while visiting her daughter, Mrs. Pugh, and son Edgar Hendrix and their families. Mrs. Hendrix will go via Los Angeles, where she expects to visit her sister.

BACK FROM LOS
R. L. Mullen has returned from a month or so on the coast during which time he visited San Diego, Los Angeles and several of the beach towns. He left his family at the beach, where they will remain during August.

BRYAN HERE
Charles Bryan of Treasurer McDonald's office, spent yesterday in Tempe visiting friends, while taking his summer vacation.

AIRDOME TONIGHT
"Peg o' The Ring," the most popular serial yet shown at the Airdome, will be one of the attractions tonight in addition to the exciting serial, the beautiful Russian actress Yona Landowska will appear in a three-act Laemmle feature, "The Cry of the First Born," a comedy, will also be on tonight's program, entitled, "No Flirting Allowed."

DOWN FROM RAY
Russell Windes came down from Ray yesterday afternoon to spend a few days with his brothers. Windes is train dispatcher and traffic man for the Ray Consolidated Mining company.

GLENDAL MAN HERE
H. G. White, manager of the Glendale water system, spent yesterday in Tempe looking over the splendid system of the city. With Marshal Browning he visited the plant and observed methods employed here in serving water.

LANEY HERE
L. M. Laney, who aspires to the office of county attorney, was a visitor in Tempe yesterday giving everybody the glad hand and telling about his campaign purposes. Laney is a graduate of the Tempe normal and is a former resident of the southside, where he is known by everybody.

CUMMINS HERE
C. W. Cummins of Phoenix spent yesterday in Tempe calling on good democratic voters and telling them why he should be nominated and elected by the democratic for superior of the county. Cummins is a former Tennessean and met a bunch of folks from down south around these diggins.

SARDON FINDS ALL STATE PROSPEROUS

Mr. Sardon, Fisk tire factory branch manager for this field, returned yesterday from a five weeks' trip, during which time he visited all the selling agencies in this territory, which consists of all of Arizona, all of New Mexico, and western Texas. According to Mr. Sardon there is a renewed and tremendous period of prosperity throughout his field, and very particularly so throughout all Arizona. "A wonderful optimism and unlimited confidence in the developing greatness of Arizona," said Mr. Sardon, "is apparent on every hand. Not only is mining at high tide, but the stock raisers in every section of the state, and the farmers everywhere are all more prosperous than ever." This is further evidenced according to Mr. Sardon by the tremendous volume of Fisk Red Top tires marketed during this trip.

It is interesting to note that through the location of the Fisk factory branch in Phoenix, an unusual amount of very desirable advertising accrues to the

city of Phoenix. All of Arizona, all of New Mexico, and all of western Texas, including the city of El Paso, pay tribute through the Phoenix Fisk branch, to Phoenix. All business is done out of the Phoenix office, finances are handled through Phoenix banks, all correspondence for the entire field comes from Phoenix; thus in a direct way Phoenix is placed as an important center before all Fisk tire agencies; and their connections in three states, all of which is splendid advertising for Phoenix.

GRAND CIRCUIT AT DETROIT FINISHED

[Republican A. P. Leased Wire]
KALAMAZOO, Mich., Aug. 4.—The local grand circuit meeting ended today with three events on the card. The 2:06 trot which originally had some of the fastest horses in the light harness world entered, was called off because of insufficient starters.

The feature of the racing today was the Michigan Railway company's

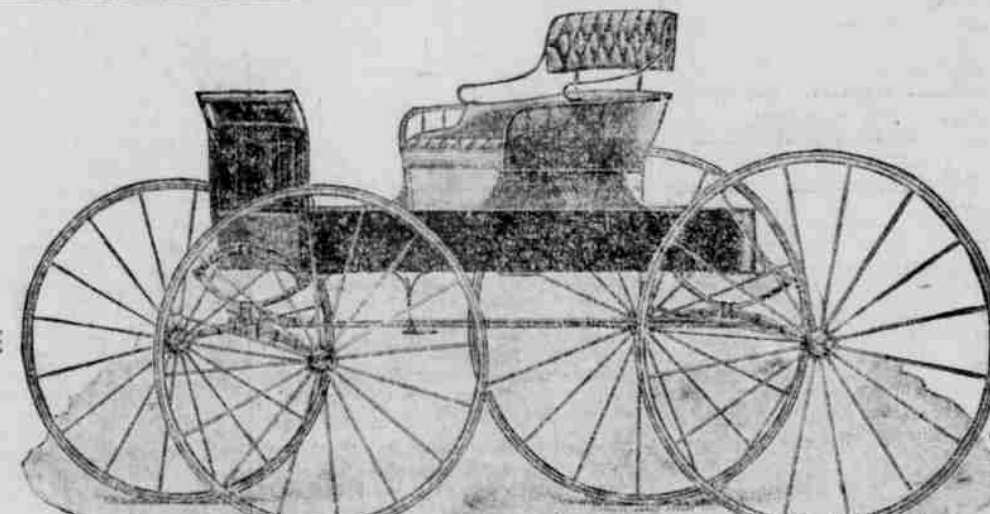

\$2,000 purse, raced on three heat system and for trotters which had never won more than \$2,000 nor had a race record faster than 2:14 1/2. The winner of the race was the horse which the final summary showed had won the most money, and when the bookkeeping was completed it was found the honor had fallen to Landsey, driven by Len McDonald, with \$600 to his credit. Briscoe was second with \$550 and Grand Chimes, third with \$480. The best time for the race was 2:08 1/2.

Valentine uncovered two good racers in Goldie C. and Miss Rejected. He won the 2:08 pace with the former and the 2:19 pace with the latter.

FISKE MAN HERE—Morel Sardon of Los Angeles, with the Fiske Rubber & Tire company, in Los Angeles, and in charge of the local Fiske branch, is staying at the Jefferson hotel while visiting Phoenix for a short time on business.

LEFT FOR COAST—H. J. Gimgill and J. C. Wheeler leave this morning on a vacation trip to Los Angeles and the nearby beaches. They say they will make a desperate attempt to cool off in the few weeks they will be gone.

TO LONG BEACH—Dr. D. L. Conner, of 1204 West Van Buren street, left yesterday for Long Beach where he will spend the remainder of the summer with his family, who are already there.
